8. Annexure II Important Contact Information	63-65

1.1. INTRODUCTION:

The Present Assam was referred to as Kamrup in many of the ancient Indian literature. It was also known as Pragjyotishpur due to the astrological (Jyotish Shashtra) practices that prevailed in this part of the country during that time. However, "Kamrup" became a more predominant name in the later part of the history.

Kamrup Metropolitan District is vulnerable to various hazards like flood, landslide, storm, riverbank erosion, urban flash food and water logging. Manmade disasters like fire incident (domestic and commercial), bombblast and road accident also occur from time to time. Besides, the entire district falls under seismic zone V. Out of these hazards natural flood and flash flood are annual disaster which occure in Kamrup (Metro) District every year. This plan focuses on mitigation, preparedness and operations and defines the characterization of responder agencies of the district from within and outside the government.

Flood occurs generally in the low lying areas of the district during the months of April to October every year. The occurrence of flood in the district is due to the river Brahmaputra and its Tributaries. During rainy days the city of Guwahati also witnesses localised flood due to poor drainage system of the city. Besides, the district is located in the most seismically active region of the country i.e. zone V and very vulnerable due to high density of population and urban conglomeration of non engineered or inadequately designed multi-storeyed buildings.

1.2. DISTRICT PROFILE

LOCATION:

Kamrup metropolitan district is located between 25o43'and 26o51' N Latitude and 90o36' – 92o12' E Longitude.

AREA AND POPULATION:

Area : 1,528 Sq. Km

Population	:	12, 60,419 (as per 2011 Census)
Total Revenue Circle	:	5 Nos.
Total No. of villages	:	316 nos.
Total ZPCs	:	6 Nos.
Total wards	:	31 Nos.

1.3. ADMINISTRATIVE UNITS:

- This district has one Sub-Divisions-Kamrup Metropolitan Sadar Sub-Division.
- The Kamrup Metropolitan district has 5 (Five) Revenue Circles viz. Sonapur RC, Guwahati RC, Azara RC, Chandrapur RC, Dispur RC.
- There are total 3(three) development Blocks In Kamrup Metropolitan district, i.e Chandrapur, Dimoria, Rani, Development Block.
- This district has 31 Municipal wards in the city Guwahati.

1.4. CLIMATE:

Climate	:	Sub tropical with semi -dry summer & cold in winter.
Annual Rainfall	:	Ranges between 1500 mm to 2600 mm.
Average humidity	:	76%
Max. Temperature	:	37-39 degree C
Min. Temperature	:	6-7 degree C.

1.5. TOPOGRAPHY:

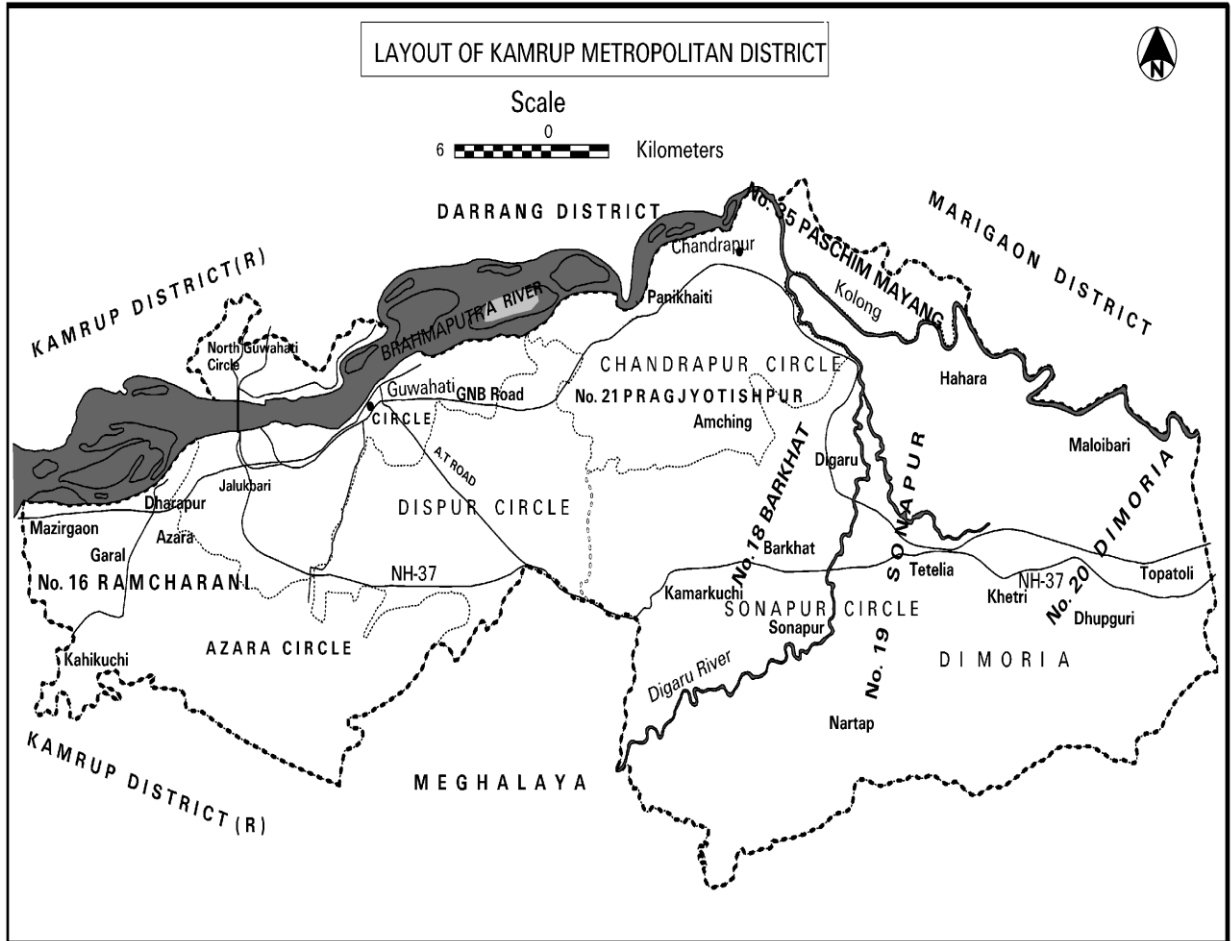

The district is bounded on the West and North by the Kamrup district and on the East by the Morigaon district. On the South, lies the state of Meghalaya.

1.6. RIVERS:

R. Brahmaputra, Bharalu, Digaru and Kolong are the major rivers of the district.

1.7. NATIONAL HIGHWAYS:

NH 31, NH 37

2.1 FLOOD SPECIFIC PRONENESS IN KAMRUP METROPOLITAN DISTRICT:

The general reason of occurrence of flood in Kamrup Metropolitan district is due to overflow of river Brahmaputra and its tributaries, mainly Bharalu, Kolong and Digaru.

In Guwahati, flash flood or water logging mostly in the rainy season creates havoc and severe inconvenience to the people in general. This is due to the unplanned and haphazard construction, encroachment, blocking of natural channels like Bharalu, Bahini, Mora Baharlu, Basistha river and water bodies like Sarusal and Borsala Beel.

FLOOD SPECIFIC PRONENESS TO VARIOUS TYPES OF HAZARDS IN THE KAMRUP METROPOLITAN DISTRICT.

The following table depicts about the various type of natural hazard that are prone in Kamrup Metropolitan district, its period of occurrence, potential impacts and the vulnerable areas of Kamrup Metropolitan District.

Type of Hazards	Time of occurrence	Potential Impact	Vulnerable areas
Flood	Apr to Oct	Loss of life, livestock, crop and infrastructure	Annexure-1 (History of floods & flood prone areas)

<i>PROBABILITY PERIOD / SEASONALITY OF DISASTERS</i>												
Name of Disaster	Month											
	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
Flood				←—————→								

2.2 HISTORY OF FLOOD & FLOOD PRONE AREAS IN KAMRUP METROPOLITAN DISTRICT –

Please see Annexure- I for ready reference.

2.3 INVENTORIES AND EVALUATION OF RESOURCES ANALYSIS:

Analysis and assessment of the resources and opportunities form the stepping-stone in the preparatory stage. Authentic assessments can make the planner aware of their tenacity and wants, so that they can equip themselves with all the required items and materials well in advance.

2.4 SHELTERS:

Accommodation for rescued/evacuated people has to be planned in advance. People living in low-lying areas have to be shifted to places at a higher elevation in flood situation. Advance identification of such sites is an important element of disaster preparedness. Schools and other public buildings should be inspected and strengthened before announcing relief shelter. The floodplains are very densely populated and availability of suitable lands for raised sites of villages in the vicinity of vulnerable low-lying areas is a major problem. People are not prepared to move to distant locations away from their sources of livelihood. Institutions located at higher elevations have come in handy to provide shelter to people who have to be evacuated from low-lying areas.

Apart from these, the school buildings in different places can be used as temporary flood-cum-temporary shelter during calamity. The list of the identified schools that can serve the purpose is given in ANNEXURE-.

2.5 STORAGE OF FOOD

Storage of food in accessible pockets is as vital as building shelters. All the Circle, Block headquarters and Gaon Panachayat Offices are used as storage points when need arises. The C.O & BDO's and the storage agents in charge of the respective blocks are the contact person for the block headquarters and the Panchayat Secretaries are the contact person for the G.P. offices. Adequate quantity of rice has been kept with each storage agent at each block headquarters for distribution to the victims as immediate relief.

These locations are used as storage locations for medicines, blankets. It has been decided to keep adequate stock of rice in the following places for distribution of emergent relief.

2.6 ADMINISTRATIVE PREPAREDNESS FOR FLOOD DISASTERS

The following steps have been taken as a part of administrative preparedness to combat any eventualities during and immediately after the disaster:

1. Control Rooms(DEOC) are functioning round the clock in DC's Office, Offices of the Jt Dir of Health Services, DA&VO, District Agriculture, PWD (R), PWD (B) All Executive Engineers of Irrigation, R&B (PWD), CWC, PHE,
2. Senior Level Officers from different departments will be assigned charges for all the flood/cyclone zones along with the BDOs of respective blocks.
3. Telephone Numbers have been made available to the Regional Meteorological Centre, Guwahati to intimate about the adverse weather
4. SDO Telegraphs / Telephones have been requested to keep the lines in order at the time of calamity
5. Daily report of rainfall is being obtained from the DEOC.
6. The Executive Engineers Water Resource Department have been intimated to report Gauge reading of the rivers, daily during flood and to keep drainage clean & repair all weak points/ breaches caused in the last flood and complete the left out work before the onset of monsoon, keep a close watch on the embankments passing through the habitations, remain alert with men and materials to face any eventualities (Primary Data ANNEXURE
7. The Executive Engineer, water Resource (Mech.) Division have to depute field official in the designated places where water pumps are placed for dewatering of logged water.
8. Executive Engineer, PHE has been directed to repair / replace the defunct tube wells on war footing basis before the rainy season

9. ADM (Relief) have been directed by the Deputy Commissioner and District Magistrate to store adequate foodstuff at interior, vulnerable strategic and key areas for immediate relief.
10. NGOs have been identified block wise and task force been formed in collaboration with the district administration to carry out relief operation, rescue and evacuation, etc.
11. DAO has been intimated to supply HYV paddy seeds to the blocks as a part of agricultural measure.
12. Jt. Dir of Health Services have to arrange Medical Relief Camps and doctors have been deployed for the purpose and the Jt. Dir of Health Services has been directed to keep the mobile medical team ready for the purpose. (Contingency Plan/ Ambulance Facilities/ Blood Bank/ Free Oxygen Services ANNEXURE-)
13. DVO have to arrange indent of different vaccines to protect animals against contagious diseases, medicines supplied to the field functionaries for routine treatment as part of veterinary measures. (Infrastructure / Equipments/ Contingency Plan ANNEXURE-)
14. PWD (R) Officer will look into the repairs of major roads, bridges, concrete steel work and make other necessary arrangements as per requirement.
 - Earth moving and Road cleaning equipments ANNEXURE-
 - Main accessible road to revenue circles at ANNEXURE -
15. NGOs/CBOs have been organized by the respective BDOs as relief parties
16. Review of pre-flood arrangements have been carried out and the contingency plan for flood and cyclone prepared by all the BDOs.

2.7 DISASTER SPECIFIC CAPABILITY ANALYSIS WITH THE HUMAN RESOURCES AND SKILLS

All the line departments such as Health, Veterinary, Irrigation, Police, Revenue, Electrical, PWD (B &R), CWC, ULBs etc. are instructed to stay prepared with the equipments and manpower before the specified disaster seasons. They will give a list of their resources and requirements to the Deputy Commissioner well in advance so that proper preparatory measures will be at place. The NCC, NSS and Paramilitary Forces will have to prepare a list of task force for the rescue, evacuation and relief operation. They will be provided with a relief kit each and a training manual. Training

should be conducted at the District, Block, GP and village levels to ensure that the awareness for disaster mitigation is built up among the communities. Mock drill should be conducted in anticipation of disasters to enhance the skills of the task force.

3

CHAPTER

ROLES AND RESPONSIBILITIES FOR FLOOD MITIGATION

3.1 ROLES AND RESPONSIBILITIES OF THE DEPUTY COMMISSIONER/ DISTRICT MAGISTRATE

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/ EQUIPMENTS TO BE PROCURED FROM
Pre-Disaster	<p>☀ <u>Preparedness Before the Flood</u></p> <ol style="list-style-type: none"> 1. Reviewing and analyzing the calamity situation in the district over the next one-year through DDMA meeting at the District level involving all the departments of the district as well as block and Village levels and the locally active NGOs/CBOs Identifying disaster prone zones and strategies to stay prepared for the worst. 2. Ensure IEC through Emergency section/C.O/ BDO's /NGO's: Movies/Street plays/ 3. Workshops / Wallings/ Painting. 4. Reviewing the DEOC and making it functional Making the DEOC well equipped and deputed senior officers from time to time to review the receipt of information and dissemination. 5. Calling a meeting for NGO/CBO co-ordination and discuss issues such as Capacity assessment of different NGOs/CBOs and ask them to adopt certain vulnerable areas to avoid overlapping and duplicity. Preparing a checklist (containing the dos and don'ts) and pass that on to the NGOs/CBOs 6. Checking stock of the Public distribution system and arrangement of the temporary godowns. 7. Checking the Resources with other department such as Police, Fire, Civil-Defence and of NSS/NCC/NYKS. 8. Preparing a list of Power Boats already deployed and/or to be deployed on hire during crisis. 	<p>All District level officials.</p> <p>ADM</p> <p>All BDOs</p> <p>DIPRO (District Information and Public Relation Officer.)</p> <p>Health</p> <p>Veterinary</p> <p>Leading NGO/CBOs</p> <p>NSS/NCC/NYK , Police,</p>	<p>NDRF/SDRF</p> <p>RTO</p> <p>Civil Defense.</p> <p>Commandant /coordinator of NCC/NSS/NYKS/</p>

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/EQUIPMENTS TO BE PROCURED FROM
	<p>9. Keeping stock of road cleaning equipments and vehicles for relief operation.</p> <p>10. Assigning specific duties to different officers/Sr. Officers at Headquarters.</p> <p>11. Staying in constant touch with other line departments.</p> <p>12. Ensuring proper functioning of warning systems & communication systems. Ensuring Mock drill of the rescue and relief teams.</p> <p>13. Preparing a map showing the location of temporary shelter camps and cyclone shelters with accessibility.</p> <p>14. Identifying flood Shelter/Temporary shelter in high elevated places and arrangement of tents etc</p> <p>15. Identifying and mapping of Disaster (of all kinds) Prone areas</p> <p>16. Ensuring formation of village level Disaster Management Committee through BDOs</p> <p>☀ <u>Dissemination of Warning:</u></p> <p>17. Receiving Warning from reliable sources and crosschecking them for authenticity.</p> <p>18. Disseminating warning to District level officials /Block /PRI's & coordination with others</p> <p>19. Keeping the Control Room active round the clock.</p> <p>20. Distributing duties to the District level officials, Circle officers and Sr. BDOs/BDOs.</p> <p>21. Arranging vehicles and public address systems for information dissemination.</p> <p>22. Establishing coordination with the NGOs/CBOs and the village communities and assigning them duties.</p> <p>23. Issuing warning to fisherman through Circle officers/Fishery Department well in advance</p> <p>24. Asking the people in the vulnerable areas to move to the shelters and to move their domesticated animals to safer places and to cooperate with the volunteers and other officials engaged in similar activities</p>	<p>Fire, Civil Defence.</p> <p>All District level officials.</p> <p>All Circle officers.</p> <p>All BDOs</p> <p>DIPRO.</p> <p>Leading NGOs.</p> <p>Police and relevant department</p>	<p>VHF from the Police-</p> <p>Mike-set</p> <p>/Batteries/Generators available in the district office/ from the Private parties on requisition</p>

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/EQUIPMENTS TO BE PROCURED FROM
During Disaster	<p>☀ <u>Search, Rescue and Evacuation:</u></p> <ol style="list-style-type: none"> 1. To co-ordinate with Civil defense, NGOs/CBOs. Zilla Sainik Board/Police for support. 2. Arrangement & Deployment of boats/vehicles etc. for evacuation 3. Evacuating people from marooned areas and administer emergent relief. 4. Organizing trained task force members and deputing to be marooned & Cut-off areas for evacuation. 5. Deployment of police for maintaining discipline and peace keeping during evacuation 6. Mobilizing people to move to flood shelters. 7. Deployment of Power Boat/Country Boat (Govt./Private) for evacuation wherever necessary. Deployment of Police/Fire Brigade for search and rescue. 8. Co-ordination with the NCC/NSS/Civil Defence/Zilla Sainik Board etc. for rescue operation Ensuring proper utilization of the rescue materials. Providing Rescue kits at the affected areas <p>☀ <u>Distribution of Relief Materials:</u></p> <ol style="list-style-type: none"> 9. Keeping a record of the affected area and people so as to account for the relief materials needed. Procurement and transportation of relief materials to affected areas 10. Arrangement of free kitchen in the shelter camps & affected areas and assigning the responsibilities to officials for proper distribution coordinating with the NGOs/CBOs 11. Encouraging other voluntary organizations from outside for rescue and relief operation. 12. Distribution of basic medicines and disinfectants to prevent epidemic 13. Ensuring Health care activities by the CDMO in the shelter camps & through mobile Units/Temporary Health camps at regular intervals 14. Ensuring Cattle health activities by the 	<p>Police Fire Brigade. Leading NGO. Circle officers. BDOs. Programme Co-coordinators of NSS/NCC/Defence units.</p> <p>Circle Officer</p> <p>BDOs, Medical Officers, Veterinary Officers, Paramilitary Forces, Police., PHE, RTO, Leading NGO and relevant departments.</p>	<p>Power Boats /Country Boats/vehicle/rope/rescue kits and trained resource personnel from NDRF/SDRF /Army / Air Force Unit/Civil Defence/ Hired from the private parties according to the requirement</p> <p>FCI, Private stockiest, Director Health services, Director</p>

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/EQUIPMENTS TO BE PROCURED FROM
	<p>CDVO through Mobile units/Temporary Health camps in the affected areas</p> <p>15. Ensuring that there is enough storage of food and pure water in the shelters.</p> <p>16. Monitoring all the activities in the affected areas.</p>		<p>Animal Husbandry, UNICEF/ UNDP/Other NGOs/INGOs</p>
<p>Post-Disaster</p>	<p>☀ <u>Short-term Measures:</u></p> <ol style="list-style-type: none"> 1. Formation of special task force with required equipments assigning responsibilities for specific areas. 2. Emergency cleaning of mud silt etc. to enable reconnaissance. 3. Clearing fallen trees and branches from the roads to facilitate local relief work. 4. Forming a work team carrying emergency tool kits. 5. Deployment of towing vehicles, earth moving equipments, cranes, 6. Construction of temporary roads. 7. Assessment of damage. 8. Temporary supply of food, drinking water and medicines to the shelters and affected areas 9. Arrangement for safe shelter for animals. 10. Providing the lighting facilities for shelter places. 11. Deployment of home guards and constables to maintain law and order 12. Providing temporary arrangements for income generation for the affected people 13. Encouraging NGOs/INGOs from outside to carry out restoration and reconstruction works <p>Ensuring crop insurance Supervising all the activities</p>	<p>All the district level officials /officers at district Headquarters/ Circle Officer /BDOs./ /POLICE/PARAMILITARY FORCES and relevant departments</p>	<p>Cranes, Road cleaning equipments, Water tankers, funds, vehicles, Gen sets, Earth moving equipments, seeds, fertilizers, pump sets,</p> <p>/Military cantonment / District Agriculture Officer</p>

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/EQUIPMENTS TO BE PROCURED FROM
	<p>☀ <u>Long Term Measures:</u></p> <p>14. Immediate restoration of Road communication,. Irrig. system, Educ.Inst, Govt. Inst, Electrical installation, Drinking water supply, Construction of IAY houses for the BPL families.</p> <p>15. Meeting with district level officials /Officials at Head quarter and chalk out emergency plan with vulnerable areas and resource list</p> <p>16. Pre-positioning of staff in the likely cut off areas</p> <p>17. Arrange food and other basic requirement for emergency response.</p> <p>18. Collect information from different areas and to act accordingly.</p> <p>19. Co-ordination meeting with officials at Headquarters by 12 hours intervals and 24 hours intervals with the field officials.</p> <p>20. Regular collection of situation report of the risk and vulnerable areas from the officers assign for the purpose.</p> <p>21. Provision for administering emergent relief and the other basic needs</p> <p>22. Keeping in touch with ADC (Relief) for supply of food articles procuring from FCI/Whole sellers.</p>	<p>Public Works Department/Water Resources /Education and youth services/PRIs/ Forest Department/Social Forestry etc.</p> <p>All District level officials/NGOs /CBOs/ Officials of the District office</p>	<p>Funds from all possible Sources</p> <p>Materials for temporary shelter procured from DFO/NGO/ etc.</p> <p>Vehicles – RTO/Private agencies.</p> <p>Medical requirements from Jt. Director of Health.</p> <p>Cattle feed from DVO, Civil-Defense for Volunteer</p>

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/ EQUIPMENTS TO BE PROCURED FROM
	25. Deputation of Volunteers to different probable affected areas. 26. Helping the evacuees for returning to their houses. 27. Immediate arrangement of free kitchen in the cut-off and inaccessible areas 28. Relief distribution. 29. Monitoring of Relief distribution. 30. Provision of drinking water 31. Provision of Medical facilities. 32. Repair/Restoration of Roads. 33. Transportation of Relief and Human Resources		

3.2 ROLES AND RESPONSIBILITIES OF THE ADDL. DISTRICT MAGISTRATE (A.D.M)/CEO, DDMA

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES / EQUIPMENTS REQUIRED	REMARKS
Pre Disaster	<p>☀ <u>Preparedness:</u> 1. Playing a second in command to the Deputy Commissioner in all aspects</p> <p>☀ <u>Warning Dissemination:</u> 2. Ensuring proper dissemination of warning both downward and upward level improper interval of timing. 3. Ensuring proper functioning of Control room 4. Deployment of Office in charges of D.C in control room round the clock basis.</p>	CEO, DDMA POLICE, Circle Officer, BDOs, PRIs Other officials of the dist office. Nodal officers of other Line depts. PWD (R) Department	<ul style="list-style-type: none"> • Ensure that the road side materials are stacked in proper places so that they are not washed away. • The passage of all cross drains (bridges and culverts) is clear, free from obstruction to allow easy flow of flood water. • Repairing of damaged culverts and bridges wherever necessary. • Desiltation and cleaning of the PWD Drains • Ensure that equipments, vehicles like bull dozer, trucks road rollers and keep ready for use. • Arrange reserve stock of tools and plants and 	<ul style="list-style-type: none"> • On receipt of flood warning the Executive Engineer will keep constant and continuous contacts with the Deputy Commissioner/circle officers. • On occurrence of flood, immediately visit the flood affected areas. • Assess requirement and deploy staff for keeping round the clock vigil of the roads, bridges etc. • Report of the road submergence to the Deputy Commissioner, immediately after the occurrence indicating concisely the location and extent of 	<ul style="list-style-type: none"> • Restore tools and plants. • Repair/replace damage tools and plants. • Take steps for repairs to damaged roads, culverts, bridges and buildings and other structures borne in the books of PWD. • Prepare plan and estimates for immediate restoration of damaged infrastructures and place it before DDMA for forwarding it to government.

NAME OF THE DEPARTMENT	DUTIES TO BE PERFORMED IN NORMAL TIME.	DUTIES TO BE PERFORMED AFTER RECEIVING 1ST WARNING	DUTIES TO BE PERFORMED AFTER THE DISASTER.
	<p>other stores at scales prescribed by the Chief Engineer,</p> <ul style="list-style-type: none"> • Material for constructing temporary bridges and camps for PWD workers are available • Assess and prepare list of staffs of different categories for duties and make necessary arrangement 	<p>submergence.</p> <ul style="list-style-type: none"> • Render technical assistance as may be required by the D.C. in constructing temporary huts in relief camps and in other test relief works. 	
Executive Engineer, PHE	<ul style="list-style-type: none"> • Assess measures likely to be required for safe water supply in these areas. • Prepare a list of personnel of different categories available in nearest PHE division required in each area during heavy flood. • Ensure adequate stock of equipments and materials for sinking tubewells, ringwells, pits/sanitary latrines etc. in the relief camps and other places in the flood affected areas. • Prepositioning of the water purifier mounted vehicles used for providing packaged drinking water in vulnerable locations in the state. 	<ul style="list-style-type: none"> • On receipt of flood warning, he will alert subordinate officers and staffs for flood. • Check vehicles equipment, stores etc. and draw up tentative programme of action. • On occurrence of flood: keep close touch with DC. • Visit flood affected areas immediately and start measures for water supply and pit/sanitary latrines. • Assess extent of water supply measures required and deploy necessary staff. • Constantly visit the flood affected areas and ensure adequate safe water supply measures & sanitation in the relief camps. 	<ul style="list-style-type: none"> • Restore tools and equipments etc. • Repair/restore damaged tools and equipments. • Prepare plan and estimates for immediate restoration of water supply pipelines and infrastructure.

NAME OF THE DEPARTMENT	DUTIES TO BE PERFORMED IN NORMAL TIME.	DUTIES TO BE PERFORMED AFTER RECEIVING 1ST WARNING	DUTIES TO BE PERFORMED AFTER THE DISASTER.
Deputy Director, F& ES	<ul style="list-style-type: none"> • Arrange for procurement of controlled commodities like rice and maintain a reserve stock of the required quantities of these items in specified places with the govt. agencies to be released during flood on a requisition from DC. • Hold discussion with representatives of Chambers of Commerce, local traders and cooperatives and ensure adequate stock of non controlled essential commodities like edible oil, salt etc. so that these can be made available at reasonable prices to DC for relief works. • Intimate DC the names of the agencies and the quantity of reserve stock available with each agency. 	<ul style="list-style-type: none"> • Ensure adequate supply position of essential commodities, particularly the controlled commodities not only for affected areas but also in the other areas in the district. • Take steps on priority basis for arranging additional supply from within or outside the district. • Deploy staff for relief in the affected areas. 	<ul style="list-style-type: none"> • Obtain the particulars from govt. agencies regarding the quantity of each of the commodities released from the reserved or other stock for relief and submit a complete return within one month from the date of expiry of the emergency to the DC and to the director of supply.

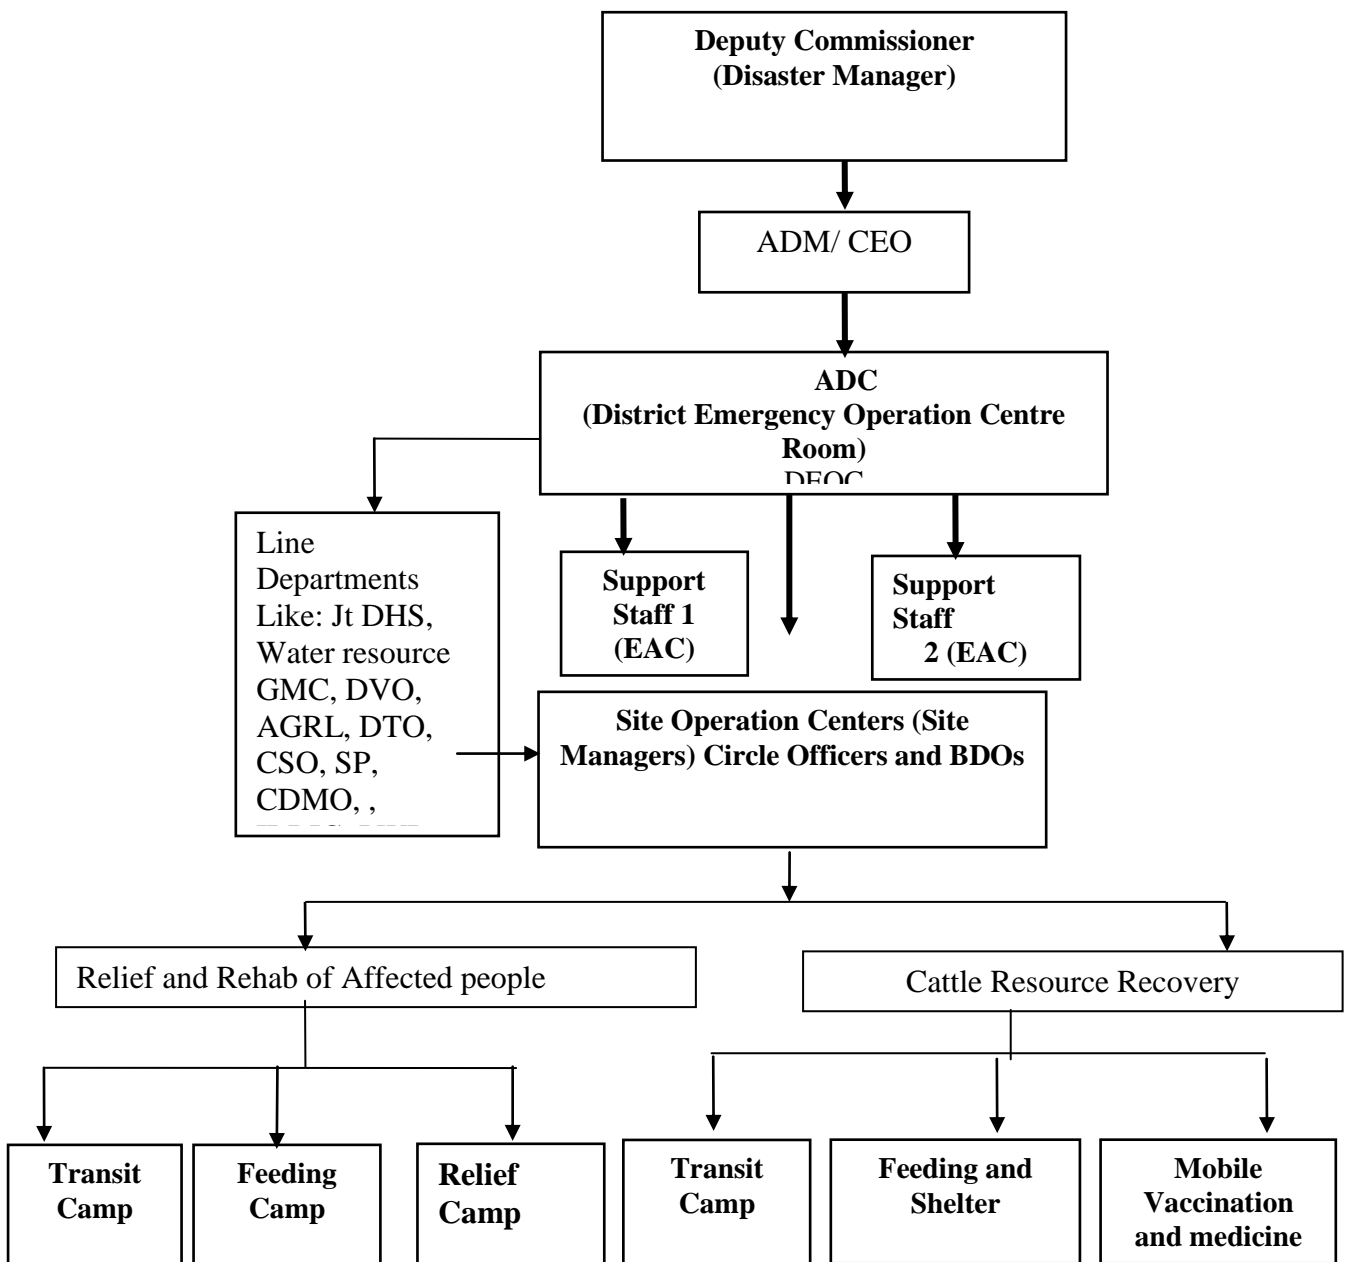

DISTRICT EMERGENCY OPERATION CENTER (DEOC)

District Disaster Response & Emergency Centre is situated in the DC’s Office, Kamrup (M) where during flood season from 15th May to 15 October,2014, staffs are detailed 24X7 for receiving and descimination of flood related information information.

The main task of the DDR& IC is to collect damage related informations in prescribed format(enclosed as Annexure) from the concerned revenue Circles and departments. During flood it also works as emergency No. for the public for any complaints suggestions etc.

The Telephone No. of the Control Room is 0361-277053 and Toll Free No 1077.

4.1 CO-ORDINATION STRUCTURE AT DISTRICT LEVEL CONTROL ROOM

4.2 Early Warning Dissemination

4.3 Incident Command System

In the absence of the Deputy Commissioner, ADM / ADC will officiate and exercise all the powers and responsibilities of the District Disaster Manager.

On the receipt of warning, all community preparedness measures and counter-disaster measures would come into operation.

6.5.11 Role of Circle officers and BDOs:

Immediately on receipt of warning they will act as follows:

- ❖ They will depute officers to their appointed areas.
- ❖ Warn the people especially in low-lying areas through Lot Mandal/ Goanburah/ Ward Members/ Home Guards/ Religious Places/ Volunteer Organizations by bit of Drums in the villages and local markets.
- ❖ If the devastation is large loudspeaker may be used for dissemination of the messages and alert the people.
- ❖ They will assess and locate the nearest relief shelters and sound school building for evacuating the people.

- ❖ They will arrange vehicles/ boats (power boat & country boat) to shifting the people to the shelter point.
- ❖ They will assess the requirement of foodstuff, medicines, fodder etc. and take necessary measures accordingly.
- ❖ Co-ordinate with Line Departments for early restoration.
- ❖ Evacuate people from low-lying areas if situation so warrants. For this they may enlist
- ❖ Co-operation of local Youths, volunteers, Nehru Yuva Kendra and Marwadi Munch etc..
- ❖ Keep the Government power and country boats ready in vulnerable points and appoint boatman for the country boats
- ❖ They should see that sufficient quantity of rice/wheat/Kerosene oil/Match Boxes/fuel etc., are made available through retail sale center and local markets.
- ❖ To take steps to guard the weak and vulnerable points in embankments through VDP, Home Guards and Police constables etc.
- ❖ If situation so warrants, start distribution of emergent relief in marooned areas after obtaining approval of Deputy Commissioner concerned.
- ❖ There may be necessity of more vehicles for undertaking rescue and relief operation. In such circumstances they will immediately contact the District Transport Officer.
- ❖ Apart from Govt. Country boats there may be necessary of private country boats. In such cases the Circle Officers and BDOs may hire private country boats under intimation to DEOC.
- ❖ To keep DEOC informed about the situation and relief measures.
- ❖ To assess damages through field staff and submit preliminary report within 3 days of the occurrence of the calamity.
- ❖ To assess detailed damage and submit final damage report to District office.
- ❖ The Circle Officers will assess damage to the private houses through Sr BDOs/ BDOs, staff deputed from other offices and Disaster Management Committee. After assessment of damages they will conduct at least 10% test check to ensure correctness of the enumeration. Sr BDOs/ BDOs and other officers deputed from different offices may also be engaged for check. After final assessment, proposal is to be sanctioned by Circle Officer

concerned and submitted to Deputy Commissioner for approval requirement of funds.

- ❖ In case of human casualty, the Circle Officer concerned will submit report to Deputy Commissioner in 24 Hrs, for consideration of sanction of ex-gratia.

RESPONSE PLAN

FOR DISTRICT EMERGENCY OPERATION CENTER, KAMRUP
METROPOLITAN DISTRICT

5.2 STANDARD OPERATIONS PROCEDURE (SOP) FOR RELIEF IN GENERAL FLOOD AND URBAN FLOOD

The following draft standard operating protocol has been prepared by DDMA, Kamrup (M) for relief and management of relief camps in the aftermath of disaster:-

The district level Relief Committee will review the relief measures. When a disaster is apprehended, the entire machineries of the district, including the officers of technical and other departments, swing into action and maintains almost continuous contact with each location in the disaster threatened area.

A. At Reciept of Warning:

1. Call out the Officers and ensure that they remain in head quarters.
2. Prepare a log book for recording chronological sequence of events.
3. Food & Kerosin:
 - 1.1. Check out Availability of food (Rice, Chira, M.Dal,) and kerosin at block head quarters, with storage agents and other inaccessible pockets. BDO's shall contact all Storage Agents. They shall personally visit the godowns and verify the stocks. The Agents shall remain present at the store round the clock. BDO's shall immediately depute one officers to the place whrer the storage godowns are located.
 - 1.2. Supply department and one ADM shall remain incharge of Godowns. Owners of the godowns shall be actively involved.
 - 1.3. Direct the godowns and FCI to remain open on all days, including Sundays and holidays, till situation gets to normal.

- 1.4. Start movement of food stock and kerosin oil from block head quarters to areas that are likely to be cut off.
- 1.5. Start movement of food stock and kerosin oil from district head quarters to block head quarters.
4. Check availability of sand bags. Get sand bags from the nearest location.
5. Health sector: Make a rapid assessment of the following
 - 1.6. Check up the stock of medicines, Bleaching powder, and halogen tablets. If necessary, send immediate requisition.
 - 1.7. Start movement of medicines, bleaching powder, etc to PHC's/CHC's
 - 1.8. Ensure that medical officers are in place at the PHCs and CHCs through police Stations, Circle Officer & Sr. BDOs/BDOs.
6. Vehicles: Requisition 15 small and 15 big vehicles immediately. Further requisition will be made as per need.
7. Empower field officials to requisition vehicles. Send 10 requisition forms to each Circle Officer, BDO and Police Station.
8. Boats: Requisition boats from other districts.
9. Ask Deputy Commissioner of other district, to remain ready for supply of stocks of rice and chira, if required.

B. During Disaster:

Emergency Feeding Service

1. Establish Mobilization center at the different points like railway station, airport and bus station for movement of relief supplies.
2. Inform all suppliers of relief material within 2-3 hours of the occurrence of the disaster to keep ready the required supply.
3. Arranging for transportation of relief supplies
4. Provide assistance in establishing local officers, relief camps, etc. by providing beddings, furniture etc.
5. arrangement of suitable building for the storage of food, clothing and other emergency supplies
6. Arrangement of other safe areas for storage of non- perishable emergency supplies
7. Arrangement of staff to package and distribute emergency supplies
8. Arrangement security with areas where emergency supplies are stored

9. To co-ordinate with NGOs in supplies from arrival to distribution.
10. Arrangement for transportation of emergency supplies to storage at all pre determined points
11. Get in touch with civil society organization. Allot them areas and function. Get them introduced to field functionaries. Ask them to prepare a list of volunteers. Make a quick inventory of their resources. Contact UNICEF, UNDP, OXFEM, Action Aid, CASA and other international agencies. Make a quick assessment of district needs and expectation from different agencies.

5.3 Standard Operating Protocol for Recovery and Rehabilitation in the aftermath of floods

The following draft Standard Operating Protocol has been prepared by DDMA, Kamrup (M) for Recovery and Rehabilitation in the aftermath of flood:-

1. Post Flood damage Assessment:-

- i.** All Circle Officers will carry out damage assessment in their respective areas with the help of Lot Mondols / GaonBurhas and other staffs soon after the flood recedes.
- ii.** Representatives from line departments viz. Agriculture, PWD, PHE, Water Resource, Animal Husbandry, Education, Health, Irrigation, Fishery, Social Welfare will accompany Circle Officer & his staff during damage assessment.
- iii.** All damage assessment reports to be submitted to DDMA on daily basis.

2. Disposal of debris / Carcasses / Death Bodies:-

- i.** DVO/GMC will ensure documentation and proper disposal of carcasses soon after the flood to prevent spread of epidemic and submit report to respective Circle Offices & DDMA, Kamrup (M).
- ii.** Superintendent of Police & Joint Director of Health Services will ensure proper disposal of dead bodies and handing over to the families. Record of the same to be sent to Circle Offices & DDMA.
- iii.** DAO will ensure clearance of debris / DE siltation etc. from the farm land. He will prepare a proposal for the same at an early date and submit to DDMA for sanction of fund etc.

- iv. Circle Officers will direct respective Panchayat for clearance of debris from the affected villages by integrating schemes under MNREGA and other ongoing projects.
- v. GMC will identify dumping area for disposal of debris, garbage, silts etc.

3. Assistance to House damage / School, College / Infrastructure damage:-

- i. Circle Officers will prepare and submit proposal for assistance against house damage under SDRF within 15 days of receding of flood water.
- ii. Inspector of Schools, DEEO will approach respective Circle Offices for assistance under SDRF against the damages caused to the school buildings.
- iii. All line departments will prepare and submit proposal under SDRF for **temporary restoration** against the damage caused to the infrastructure for restoration of normalcy in the district within one month of receding of flood water.
- iv. All departments will integrate their ongoing departmental development projects / schemes where possible for restoration of the damages caused due to flood. All departments will incorporate flood mitigation measures in their developmental plans and schemes under SDRF by involving local community.
- v. DDMA will approach Govt. for any assistance required for recovery & restoration of infrastructure within one month

4. Assistance to farmers, fish farmers, Sericulture, Horticulture, Weavers, Dairy farmers etc.

- i. DAO, Fishery Dev. Officer, Dy. Director of Sericulture, Dy. Director of Handloom & textile, Dist. Dairy Officer will submit proposal for assistants to the farmers & weavers under SDRF as per norms within 15 days of receding of flood for approval by DDMA. They will ensure insurance of the crops & live stokes.
- ii. All departments will integrate their departmental plans to assist the affected farmers and will submit report he same to DDMA for onward submission to Govt.

5. Administrative Relief:

The district level relief committee will review the relief measures. When a disaster is apprehended, the entire machinery of the district, including the officers of technical and other departments, swings into action and maintains almost continuous contact with each village in the disaster threatened area.

6. Reconstruction of Houses/Roads Damaged / Destroyed:

PWD (Roads) and PWD (Buildings) division

1. Pre & Post Disaster:- As PWD (Roads) Division and PWD (Buildings) Division is an executive authority wherein all construction/ improvement works are executed through an agency or contractor, the restoration/ re-construction works during Pre & Post disaster period will be carried out as per existing APWD norms / specification and procedures as current in the state.

2. During Disaster (Emergency Work):-

(A) Execution through other agency/ contractor:

1. EE/AEE/AE/JE will issue order at site to carry out any restoration work to any person/ group capable to execute the work and the same will be intimated to nodal officer of the department and DDMA forthwith.

2. As far as possible, work will be negotiated as per current SOR of APWD/ Local market rate else the same will be allotted at the rate agreed upon at the site itself.

3. Measurement recorded in the field book will be accepted for payment. Payment will be made from the budget allocation of disaster management or any other source mobilized/ arranged by the DDMA.

(B) Departmental execution:

1. Labourers available with the department will be engaged.

2. Casual labours at the local rate will be engaged if necessity arises.

3. Locally available construction materials will be utilised for the work.

4. P.O.L. will be procured from the nearest petrol depot.

5. Measurement for casual labours engaged/ materials procured and utilised will be recorded in the field book.

6. Cash payment for casual labours and materials purchased will be arranged as per the norms.

(C) Other Methods and Norms of Reconstruction:

- Owner Driven Reconstruction
- Public Private Partnership Program (PPPP). Under the PPPP the houses are reconstructed by the NGOs for the beneficiaries
- All the houses should be insured.
- Financial, technical and material assistance provided by the government.
- Incorporation of flood resistant measures in the new constructions / Houses.
- The material assistance provided through material banks at subsidized rates.

7. Assistance from NDRF / SDRF / Paramilitary forces:

If the district administration feels that the situation is beyond its control then immediate assistance could be sought from NDRF / SDRF/ Paramilitary for carrying out the relief and rehabilitation operations including construction works for road clearance, construction of emergency bridges, shelter places, camps, distribution of relief materials etc.

8. Outside Assistance:

Outside assistance may be sought from: Indian Red Cross Society, Local & International NGOs working in the district, Urban Local Bodies, Self Help Groups, Nehru Yuva Kendra, NCC, NSS, Scout Guide whenever it is necessary. Outside assistance will be allowed under the supervision of district administration.

9. Social Rehabilitation:

Social Welfare department will ensure the following in the aftermath of flood within their departmental schemes & services for rehabilitation of the affected people:-

- a) **a) Kishori Shakti Yojana** : Earlier known as National Programme for Adolescent Girl (NPAG), is a scheme for improve the nutritional, health and development

- b) status of adolescent girls, promote awareness of health, hygiene, nutrition and family care, link them to opportunities for learning life skills, going back to schools,
- c) help them gain a better understanding of their Social Environment and take initiatives to become productive members of the society.

d) Supplementary Nutrition Programme: The ICDS Programme aims at enhancing nutritional and health status of children under 6 years of age, pregnant women, Lactating mothers and of late adolescent girls.

e) Immunization: Immunization programme is for immunize all the children to prevent any epidemic disease.

f) Nutrition and Health Education: The main object of this scheme is to form capacity building of women especially in the age group of 15 to 45 years. So that they can look after their own health, nutrition and development needs as well as that of their children and families.

g) Non formal preschool education: Since in India 48% of the population live below the poverty line, 63.83% are illiterate and one fifth of the population is the age group 0-6 yrs hardly needs any emphasis. So that this scheme is specially for the children in the age group of 0-6 yrs for their all round development.

- 2. Mukhya Mantri Jibanjyoti Bima Asoni:** This asoni covers all residence of Assam of the age group 03-80 years. The eligible person shall be able to claim financial assistance both for medical treatment and in case of injury caused due to accidents as per the prescribe norms under this scheme.
- 3. Mukhya Mantri Mahila Samridhi Yojana:** This scheme is for economically help the women weavers of the state of Assam.
- 4. Implementation of persons with disability:** This Scheme provides special education facilities to the Deaf and Dum children, to the Blind children and also to the mentally retarded children. The Blind schools are run by NGO's such as Sreemanta Sankar Mission Blind School, Nagaon. This scheme also provide scholarship/stipend facilities to the physically challenge students.

- 5. Implementation of Juvenile Justice Act:** The Juvenile Justice Act , 2000 is implemented, along with rest of the country, with the objective of prevention, control and reformation of children coming in conflict with law and to take custodial care for protection of children who are neglected.
- 6. Health Care for the Aged:** The objective of the scheme is to take care of the people who have attained above 70 years of age and need care. Financial assistance is provided to aged people to enable them to purchase medicine. For the current year the amount of rupees 600.00 lacs have been provided for constitution of the scheme.
- 7. Sawayamsidha:** The Sawayamsidha is an integrated scheme for Women's empowerment. The programme is based on the formation of women Self help groups (SHG) and enable the SHG's take up schemes and programmes social and economic empowerment of women.
- 8. Welfare Homes:** At this type of homes the destitute women and helpless widows of the age group 18 to 45 years are maintained and trained in useful craft for their ultimate rehabilitation in the society. Minor children of age group 0 to 6 years are also take care at this type of homes. The state home also educates the orphan and destitute children for their rehabilitation in the society.
- 9. Vocational Training:** The aim and objective of this scheme is to empower the women, to make women job eligible and to develop the skill of women through various training programme.
- 10. Documentation:-**
DDMA and all other departments will document their experiences / difficulties faced / case studies / use of new technology during responding to flood and during recovery & reconstruction period and will share with others for improvement of services in future.

6.1 Inventories and Evaluation of Resources Analysis:

Analysis and assessment of the resources and opportunities form the stepping-stone in the preparatory stage. Authentic assessments can make the planner await of their te-nacity and wants, so that they can equip themselves with all the required items and materials well in advance. The resources necessary for disaster preparedness and during and after disasters are listed below:

6.2 Important Telephone Numbers (Kamrup Metropolitan District):

8	M/S Deepak Roller Flour Mill	G.S. Road, Chriastianbasti, Guwahati	
9	M/S Guwahati Roller Flour Mill	G.S. Road, Chriastianbasti, Guwahati	
10	M/S Maa Kamakhya Industries	Lal Ganesh, Guwahati	

6.14 Gratuitous Relief Items (Food Stuff):(as per Assam relief manual)

Sl No.	Particulars	Scale or GR	Remark
1	Supply of Food Stuff	1. (a) Rice 400 grams per head per day for adult. (b) Rice 200 grams per head per day for minor upto 12 years. 2. Pulses 100 grams per head per day. 3. Salt 20 grams per head per day. 4. Mustard oil 30 ml per head per day	
2.	Assistance for loss of clothing & Utensils (Per family)	1. Clothing Rs 1,300.00 2. Utensils/ household goods- Rs 1,400.00	Families whose houses have been washed away/fully damaged/severely inundated for more than a week and who have suffered loss of clothing/utensils/household goods are only entitled.
3.	Supply of fodder for livestock	1. Buffelo 5 Kg 2. Cow 4 Kg 3. Sheep 1 Kg 4. Goat 1 Kg 5. Horse 5 Kg	
4.	Provision of fodder/feed concentrate in cattle camps per day	Large Animals Rs 50.00 Small Animals Rs. 25.00	

ANNEXURE – I

FLOOD HISTORY

General Flood in Kamrup (M)

Kamrup (M) District suffers from both general flood and urban flood every year. The general flood occurs in areas under Sonapur, Chandrapur and azara Circle. This kind of flood basically occurs due to the geographical setting of the region, high intensity rainfall, easily erodible geographical formations, earthquake Zone, massive deforestation, great amount of land used, and explosive population growth.

Monsoons rains from June to Septembers feeds the Brahmaputra along with their tributaries with excessive water. The cyclonic Depressions in the Bay of Bengal too are responsible for devastating floods. Besides the natural calamities, harmful human activities like deforestation, accelerated rated of land use, filling up low lying areas of for the construction of buildings and reckless urban developments are also responsible for floods in the district. High rate of population growth in the form of high birth rate and immigration from border countries has led to unscientific encroachment.

The villages which arehighly prone to flood are as follows:

SI No.	Name of the Villages	Sl. No.	Name of the village
1	Agsia	28	Kurkuria Gaon
2	Ajuri Gaon No.3	29	Lumsum N.C.
3	Amara Pathar	30	Majir Gaon
4	Aujuri Gaon No.2	31	Maloibari Janghal
5	Azara	32	Maloibari Pathar
6	Bagibari Pathar	33	Maloibari Gaon
7	Barjhar	34	Mikirpara Chakorda
8	Borbilabil	35	Mirzapur
9	Borchapari	36	Mitni N.C.
12	Chamata Pathar	37	Murkata Gaon
11	Dakhin	38	Niz-dimoria
12	Jalukbari (GMC)	39	Niz-panbari gaon
13	Digarupar N.C.	40	Panikhaiti Gaon
14	Dimoria Gaon	41	Pub Maloibari
15	Durung Gaon	42	Rajabarighat
16	Garal	43	Rewa N.C.
17	Gomoria Pathar	44	Salona Gaon
18	Hahara Pathar	45	Senabar Gaon
19	Hajobari Gaon	46	Sukhurabari gaon
20	Helagog	47	Tamahalong Gaon
21	Juhai Gaon	48	Tetelia Pathar
22	Kahikuchi Gaon	49	Teteliaguri gaon

23	Kasutali Pathar	50	Teteliaguri N.C.
24	Kenduban Gaon	51	Tetelia (GMC)
25	Kendukuchi	52	Ullani Gaon
26	Kharghuli N.C.	53	Ullisam Gaon
27	Kharghuli No.2	54	Uttar Dimoria

Urban flood in Guwahati Kamrup Metropolitan District

The city of Guwahati experiences recurrent flood inundation and severe water logging in the occurrence of storm events and particularly during the rainy season, it has become a public grievance. Rapid urbanization with increased housing and construction activities in the city leading to increased buildings, streets and other impervious hard surfaces, and more importantly the absorption of inland wetland pockets and clogging of drainage systems has led to indiscriminate flooding. This has resulted in decreasing land capacity to soak up and carry excess water. Moreover the unplanned expansion of the city to accumulate increasing population has led to severe encroachment in the wetlands, low lying areas, hills and shrinkage of forest cover (Thakur and Goswami, 1993). These denuded hills and loss of wetlands thus lead to artificial floods and water logging. Immediately after every down pour the city drains gets silted up with silts coming with storm water running down the hills flooding the streets. The wetlands also cannot accumulate the excess storm water of the city.

Six nos. of natural channels namely Bharalu, Bahini, Mora Bharalu, Basistha and Pamohi river passes through Guwahati. Guwahati also has three nos. of water bodies namely Sorusala, Borsola, Silsaku and Deepor Beel. During monsoon overtopping of these natural channels and water bodies cause water logging and inundation of the many areas in and around Guwahati city. Moreover, storm water coming from Meghalaya during monsoon is also one of the reasons for water logging of the Guwahati city.

The areas which are mostly affected due to urban flood are:

Sl. No	Name of the Revenue Circle	Areas affected.
1.	Guwahati Revenue Circle	Lachit Nagar, Noonmati, , Chandmari, Bamunimaidan, Pub Sarania Lane No.1-4, Rajgarh Byelane No 1 to 7, Zoo Road, Gandhi basti,
2.	Dispur Revenue Circle	Dispur Revenue Circle: Anil Nagar, Nabin Nagar, Tarun Nagar, Hatigaon, Sijubari, Lakhimi Nagar, beltola, NH37, Fatasil Ambari, Barshapara, Odalbakra, Bhaskar nagar, Dhirenpara, Bathoupuri, Katahbari, patharquary, Narengi, Jyotikuchi, Dhapolia, Betkuchi
